Lodge 9 needs our help

Since 2020, four members of Capital City Lodge #9 have been indicted in connection with police-involved shootings. These indictments were malicious, politically motivated, and driven by a rogue prosecutor rather than facts or law.

To date, the outcomes are as follows:

- One officer was wrongfully convicted
- One officer was found not guilty
- One deputy's case resulted in a mistrial and is scheduled for retrial
- One officer is awaiting trial later this year

There is no question that politics and media pressure have played a significant role in these cases. In response, Capital City Lodge #9 has launched a media campaign ahead of the upcoming second trial of Deputy Jason Meade.

The Fraternal Order of Police of Ohio is requesting assistance from local lodges and individual members to help expand this campaign. No contribution is too small. Your support helps protect due process, correct false narratives, and stand behind an officer who acted lawfully in the line of duty.

Deputy Meade's first criminal trial ended in a mistrial, highlighting both the complexity of the case and the lack of consensus regarding criminal culpability.

In the weeks and months leading up to that trial, activist groups coordinated public pressure campaigns that included:

- Labeling Deputy Meade a "murderer" on social media
- Circulating his mugshot while portraying the armed suspect as a harmless, hardworking individual—deliberately omitting the firearm he possessed

These efforts were clearly designed to influence public opinion and potentially taint the jury pool. This is exactly the type of false narrative the FOP must confront, not ignore.

When misinformation goes unanswered, it creates a dangerous precedent:

- Officers are tried in the court of public opinion before entering a courtroom
- Prosecutorial decisions become politically driven instead of fact-based

The FOP has a responsibility to defend lawful police work, protect the reputations of its members, and reinforce public trust through truth. The foundational elements of this campaign are already funded. Any additional donations from lodges or individual members will be used to expand and strengthen the campaign's reach and effectiveness.

Thin Blue Line Update

The Board of Trustees met with representatives from the Ohio Department of Insurance on Friday, January 23rd. They responded to our request for information in the ongoing Thin Blue Line Benefits Association issue. The following questions were asked: The answers provided are in bold.

How much money is in the fund; how much is still owed on outstanding claims?

- **There is approximately \$2.9 million in the fund from premiums of Ohio residents for July and August of 2025. It is unknown how many unpaid claims there are currently**

If there are outstanding claims that are not yet reported, what is a deadline to report them?

- **The Department of Insurance will soon request all customers with unpaid claims to fill out of Notice of Claim form (that is not yet available) along with all of the documentation to support that claim. Customers will be notified of when to file this notice through many different methods. The FOP of Ohio will alert our members through our Facebook page and our email system if we have valid email addresses as a backup to the Ohio Department of Insurance. Customers who have filed a complaint already through the Ohio Department of Insurance will be notified by them. Customers who have unpaid claims and who have not yet filed a complaint with the Department of Insurance should do so in order to make sure you receive timely information from ODI in the future. You can file this at ODI - Complaints Form. Customers who have paid claims themselves that should have been paid by TBL will also need to file the Notice of Claim when that form becomes available. When the Notice of Claims form is made available, it will be important for customers to file that notice timely with the Ohio Department of Insurance because that Notice of Claims form will have a hard deadline.**

What should members do who are threatened with collections?

- **The Ohio Department of Insurance suggests giving the provider a copy of the liquidation order from the Franklin County Court of Common Pleas. It is attached to this email.**

If the fund has less money than claims, how will the ODI determine which claims get paid?

- **That will be up to the court but in other comparable instances, the court has allowed for pro-rated payments to be made/**

Are there any other recourses available to members, specifically criminal charges?

- **This question was not answered directly by the representatives due to being outside their scope of expertise**

What is the timeline for action?

- **Courts move at their own pace; however, ODI assured us they would give ample time to customers to file their Notice of Claim. Our Board took this to mean that a resolution to this issue will not take place in the very near term.**

What should our members be doing now?

- **Compile all of the documentation to support your Notice of Claim, including explanation of benefits information and bills from providers; advising providers of the ongoing situation with the TBL and the courts/ODI. When the Notice of Claim form is available, please provide complete documentation to ODI as soon as possible with the hope of expediting the process for everyone.**

The FOP of Ohio will continue to seek updated information from the Ohio AG and ODI to keep our members informed of the process as it moves along through the court.

Violence Against Officers in 2025: 347 Officers Shot in the Line of Duty

WASHINGTON, D.C. — Patrick Yoes, National President of the Fraternal Order of Police, released the following statement regarding the National FOP's year-end report on officers shot and killed in the line of duty:

"Almost daily in 2025, a police officer was shot in this country. This number has remained stubbornly high for five years now, which means since the start of 2021, over 2,000 police officers have been shot in the line of duty. This is a national disgrace and a stain on our society.

"Thankfully, because of dramatic improvements in medical trauma science and anti-ballistic technology, the lethality of these attacks has been reduced and only 45 of the officers shot in the line of duty were killed. There were 67 ambush-style attacks on law enforcement officers this year, which resulted in 90 officers shot, 22 of whom were killed.

"Many will often look at this data and just see numbers, but we MUST remember that they represent heroes—fathers, mothers, sons, and daughters. This scale of violence against our officers is horrifying and simply unsustainable. It is no wonder that our profession continues to face a recruitment and retention crisis. What father or mother would want their child to become an officer knowing the dangers they face every day?

"For years now, we have been asking Congress to pass the Protect and Serve Act, which would address the national problem of ambushes and unprovoked attacks on our nation's law enforcement officers. They have not done so. Today, given these numbers, what more would it take for lawmakers in Washington to see how necessary it is to pass this legislation?

"We now have years of hard data, and the truth is undeniable. There is an epidemic of violence against law enforcement officers. It is incumbent upon our elected officials and community leaders to speak out and support our heroes by acting against the violence that targets our law enforcement officers. The current status quo is simply unacceptable."

Founded in 1915, the Fraternal Order of Police is the largest law enforcement labor organization in the United States, with more than 382,000 members. With national offices in Nashville, Tennessee, and Washington, D.C., the FOP is committed to improving the working conditions of law enforcement officers and the safety of those served through education, legislation, information, community involvement, and employee representation. FOP of Ohio gets Medicare at 50 Bill introduced

The FOP of Ohio has achieved a primary goal in getting the Expanding Health Care Options for First Responders Act (HR 6147) introduced in Congress.

Rep. Greg Landsman from Cincinnati introduced the bill at our request.

The legislation would allow first responders – including police officers, firefighters, and emergency medical service personnel – ages 50 to 64 who retire early or separate from service due to disability the option to buy into Medicare.

“Most first responders retire before 65 and face uncertainty about how they’ll access quality healthcare, despite all their sacrifices. After everything they did to keep our communities safe, it’s only right we make sure they get the proper care they deserve,” said Landsman.

Expanding Health Care Options for First Responders Act *Rep. Greg Landsman (D-OH-01) and Senator Gallego (D-AZ)*

Endorsing Organizations: Fraternal Order of Police

Issue Overview:

First responders such as law enforcement and fire fighters are dedicated public employees who perform critical jobs serving our communities. After years of hard service, many first responders retire earlier than the typical retirement age due to the physical nature of these jobs. Often times, local, state, and federal agencies mandate that first responders retire before the age of 65.

With Medicare eligibility beginning at the age of 65, these retiring first responders risk losing their employer-provided health insurance after retirement without an affordable, quality, and flexible alternative. First responders shouldn't have to experience gaps in health care coverage after years of dedicated public service. We need to provide quality health care options for those who have served our communities.

Legislative Details:

The *Expanding Health Care Options for First Responders Act* would allow first responders ages 50 to 64 who are separated from service due to retirement or disability the option to buy into Medicare.

This bill gives first responders – including police officers, firefighters, and emergency medical service personnel who retired early the opportunity to obtain quality health care through Medicare after years of service to our communities.

Should Ohio abolish property taxes?

Property taxes have been the hot topic in Ohio politics so far in this General Assembly. Numerous new laws have been passed to lower the burden of property taxes and there is an ongoing effort to collect enough signatures to place a ban on property taxes into the Ohio Constitution.

The FOP understands and supports the effort to rein in the rising costs of property taxes but opposes a complete abolition of property taxes.

There are about 100 township police departments in Ohio, funded solely by property taxes. Each city gets what is called “inside millage” in property tax that is often used to pay their pension obligations. Counties use property taxes to pay for Children’s Services and Developmentally Disabled agencies. If property taxes are eliminated, those agencies will not disappear and will be fighting for funding against Sheriff’s Offices.

Eliminating property taxes will make raising the rates of what our employers pay for pensions much harder impacting retiree benefits and raises for working cops less likely.

To wrap it up succinctly, an abolition of property taxes will hurt public safety, cause layoffs and be bad for all essential services.

FOP of Ohio adds first 2 members to the #ProtectOhioPolice Hall of Shame

The FOP named Cincinnati rabble rouser Iris Rowley its very first member of the Protect Ohio Police Hall of Shame. Rowley, an anti-police activist and city paid consultant, has been harassing officers for simply doing their job. Lodge 69 created an online petition calling for Rowley to have her consultant contract terminated. You can find it here: <https://www.cincypolice.com>

The FOP added Akron At-Large Councilman Eric Garrett to the “Hall of Shame” for undermining public safety in August.

Garrett has been a consistent and vocal opponent of the police in Akron. Most recently, he put out a statement fomenting distrust in local police after he disagreed with the decision of the grand jury not to indict officers in a 2024 officer-involved shooting.

Protect Ohio Police, an initiative by the Fraternal Order of Police of Ohio, exists to hold public officials accountable when they undermine the rule of law in Ohio

FOP of Ohio Pushes out App

We have quite a lot going on at the State Lodge. We have hit the ground running and have been working hard. One of our ongoing initiatives is to ensure that we are getting information out to the membership in as real time as possible. Several of these initiatives will be better served with your participation.

If you have not already done so, we are asking each FOP member from Ohio to please go to www.fopohio.org and create an account. This is a fairly simple process and does not take up a lot of time. Once you have your account created, please go to your Apple or Google Play Store on your phone and download the app titled "FOP Ohio":

Once you install the app and sign in, your smartphone app will be linked to the FOP of Ohio website.

Creating your account will not only allow us to send you important information on a real time basis but it also helps to solve our ongoing issue about keeping up-to-date contact information (member's email address and phone #) on file with the state lodge.

Please push this out to all of your members and encourage them to create their account. Keeping our members as informed as possible does nothing but benefit our organization."

Do you or your family have an interest in college savings?

NFOPU CONSORTIUM

The National Fraternal Order of Police University (NFOPU) is a consortium of colleges and universities that provides members of the National FOP with varied learning programs. These programs include both traditional and nontraditional forums. The formation of the NFOPU allows FOP members the ability to take courses that will accommodate the unique requirements of a working law enforcement officer's schedule. These courses can be taken completely online, which will make it easier for members to obtain their degrees on their own time. All of the colleges and universities that are participating are regionally-accredited institutions.

Members receive benefits in the form of actual tuition cost reduction or extensive credit for past degree work, POST training and FBI Academy training.

CASE WESTERN RESERVE UNIVERSITY

Weatherhead School of Management

I am delighted to bring to your attention information on a new partnership developed with the Weatherhead School of Management (WSOM) at Case Western Reserve University (CWRU), and our organization. Leaders at the Weatherhead School are making a concerted effort to welcome law enforcement personnel and their families into the Weatherhead community. They have already solidified a relationship with the Cleveland Police Department and with several area departments and agencies. The current focus of this relationship is on the nationally ranked Part-time MBA program for all qualified departmental personnel, their immediate families, and retirees. The Part time MBA may be taken online or in person and typically takes just over 2 years to complete. Flexible pacing allows for acceleration or extension based on individual student needs.

Here are the benefits of the partnership:

Tuition benefits from Weatherhead will be 20% of tuition costs (not counting any tuition benefits from non-Weatherhead sources).

For those eligible students admitted to the January 2026 class only, there will be a substantial added promotional tuition reduction to help jump-start the relationship.

The \$100 application fee is waived.

Any additional funding from the department or funding from other external sources will be in addition to the tuition reduction being offered by WSOM.

Individualized student advising and support services for law enforcement personnel and their eligible families or retirees.

A Weatherhead representative will follow up with any interested individual who wishes to avail themselves of this opportunity.

This relationship reflects our continued interest in the investment in the growth and well-being of our officers, staff, and their families. This opportunity supports our broader goals of professional development, community engagement, and career advancement in partnership with one of the most respected institutions of higher education in the world and located on our doorstep.

We look forward to the opportunities of this collaboration which could include additional programs in the future, and we are excited to work with Weatherhead leadership to make this partnership a success. If you are interested in learning more about WSOM programs, schedule a personal 1:1 call with Director of Admissions Steve Scheidt at this calendar link. Steve can also be reached at 216.368.6208 or stephen.scheidt@case.edu.
